

Correction to:
A NEW SPECIES OF *TRIANCYRA* BALTAZAR FOR
SABAH, MALAYSIA (HYMENOPTERA :
ICHNEUMONIDAE: PIMPLINAE)
Serangga 12(1-2):33-37

We regret for the mistake done in page 36, Table 1 in above mentioned paper. The correct Table is as below:

Table 1. Differences in character of *Triancyra danumensis* new species and *Triancyra paula* Baltazar

Characters	<i>Triancyra danumensis</i> new species	<i>Triancyra paula</i> Baltazar
Mesopleurum	Transverse striate near to carina prepectal	Closely punctate on its posterior 0.5, 1 to 2 diameter of punctures
First tergite	Puncture on medium	Smooth and shiny
Clypeus	Yellowish-brown	Black
